# INGLIS FIREFIGHTERS

## Winter Fire Safety

1. Heating appliances such as space heaters should not have anything combustible near by and need at least one meter of space around them.
2. Most chimney fires occur with wood burning fireplaces. Ensure chimneys are cleaned and professionally inspected regularly.
3. Extension cords are a common cause of electrical fires. You must be careful to use only extension cords that are rated for the device they are powering.

## CLEVER! WHOEVER PUT THIS TOGETHER LOVES LANGUAGE:

- To write with a broken pencil is pointless.
- When fish are in schools they sometimes take debate.
- A thief who stole a calendar got twelve months.
- The professor discovered that her theory of earthquakes was on shaky ground.
- The batteries were given out free of charge.
- A dentist and a manicurist married. They fought tooth and nail.

The IDCC would like to thank who ever it was that sent us a letter to be published in the Newsletter. We are glad that people want to give input and receiving news to publish is appreciated. However, we have decided that we will not publish "Letter to the Editor" letters in the newsletter.

Thank you, for your understanding.

Jim asked his friend, Tony, whether he had bought his wife anything for Valentine's Day.

'Yes,' came the answer from Tony who was a bit of a chauvinist, 'I've bought her a belt and a bag.'

'That was very kind of you,' Jim added, 'I hope she appreciated the thought.'

Tony smiled as he replied, 'So do I, and hopefully the vacuum cleaner will work better now.'
